Numbers to 20

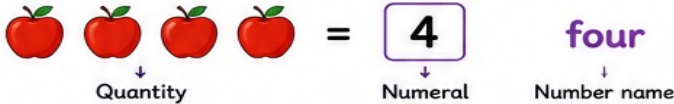

AC9MFN01 – Name, Represent and Order Numbers Including Zero to at Least 20

Learning Objective:

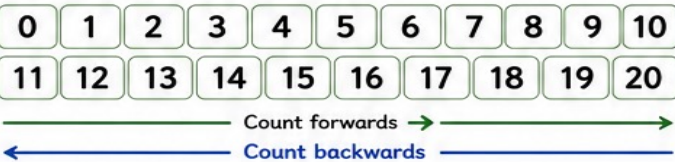

Students will count, read, write, represent and order numbers from 0–20. They will match numerals to quantities, find one more and one less, use ordinal language and recognise numbers in everyday life.

Topic: Numbers to 20 – Complete Revision**Ref:** Mathematics | Foundation | AC9MFN01**Name:** _____ **Date:** _____**1. Numbers Represent Quantities**

A numeral shows how many objects there are.

**2. Numbers Have an Order**

Count forwards and backwards.

**3. One More and One Less**

One more is the next number.

One less is the number before.

Number	One Less	One More
5	4	6
10	9	11
16	15	17

**4. Ordinal Numbers (Positions)**

Use words to tell the position in a sequence.

**5. Numbers Are Everywhere**

We can see numbers all around us.

**Teaching Sequence**

Warm Up (5 mins)
Count to 20 together.
Count backwards from 20.
Sing a counting song.

Explicit Teaching (10 mins)
Show numeral card, quantity of counters and number word.

Guided Practice (10 mins)
Show me 7 blocks. What comes after 13?
What is one less than 8? Who is first?

Independent Practice (10 mins)
Match numbers to quantities, order number cards, complete missing numbers, circle one more/one less, identify ordinal positions.

Common Misconceptions

- Thinking 12 comes after 20.
- Writing numbers backwards.
- Confusing quantity with numeral.
- Thinking "one more" means adding lots.
- Confusing first and last.

Assessment Checklist

- ☐ Counts to 20.
- ☐ Counts backwards from 20.
- ☐ Matches numerals to quantities.
- ☐ Writes numerals correctly.
- ☐ Orders numbers.
- ☐ Finds one more and one less.
- ☐ Uses ordinal language.
- ☐ Recognises numbers in everyday contexts.

Revision Questions for Class Discussion

- What number comes after 9?
- What number comes before 15?
- What is one more than 17?
- What is one less than 10?
- Which animal is third?
- Put these numbers in order: 12, 5, 18, 9
- Show me a group of 8 objects.
- Find a number in our classroom.

Unit Success Criteria

- I can count to 20.
- I can read and write numbers to 20.
- I can match numbers and quantities.
- I can find one more and one less.
- I can use words like first, second and third.
- I can recognise numbers around me.

First Nations Connection: Counting and number games have been used by First Nations Australians for many generations. Example: Segur etug from Mer Island in the Torres Strait region is a traditional counting game.
