Class: _____

Subject Code: _____

PRE-MATH-01

Teacher Guide: Counting 1 to 5

Introduce the concept of counting using these interactive steps before giving kids the worksheet:

1. **Concrete Counting:** Hold up physical objects (like blocks or crayons). Count out loud together as a class: "1, 2, 3, 4, 5."
2. **Finger Play:** Have children hold up fingers as you count.
3. **One-to-One Correspondence:** Show kids how to touch or cross out each icon on the worksheet so they don't count an item twice.

 **ECO NOTICE:** Please do not print this instruction page unless absolutely necessary. Save paper by viewing these guidelines digitally!
