

PRACTICE

COMPARING COLLECTIONS USING COUNTING

Ref: AC9MFN03_E2

Let's count and compare to find more, less or the same!

Instructions: Count each collection. Compare and circle or write more, less or same.

Name: _____ Date: _____

1 Count each group. Write how many.

3 Which group has less? Circle your answer.

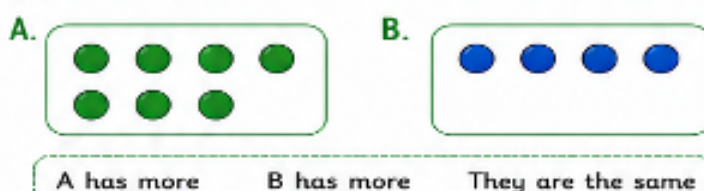

5 Count and compare. Then write more, less or same.

7 Look carefully! A child counted one item twice. Cross out the one that was counted twice.

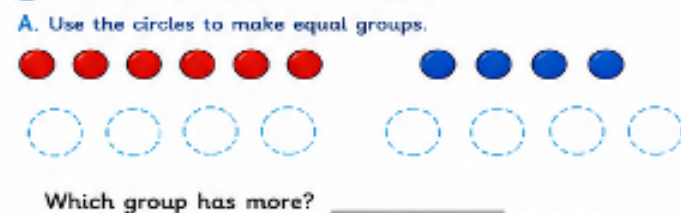

2 Which group has more? Circle your answer.

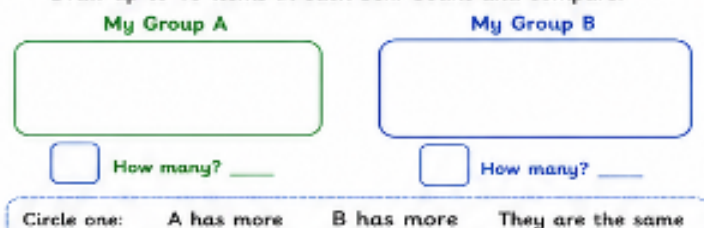

4 Are the groups the same or different?

6 Make equal groups to compare.

8 Draw your own two collections. Draw up to 10 items in each box. Count and compare.

★ Great job! Counting helps us compare and solve problems! ★
