

Topic: Living and non living things

Teacher/Parents instuction:

[DO - NOT -PRINT-THIS- PAGE]

- Encourage your child to point to each picture while counting aloud.
- Count each object only once before writing the correct number.
- Praise effort and recount together if a mistake is made.

Curriculum code:

Country	Curriculum Code	Curriculum Alignment
Australia	AC9SFU01	Observe, identify and describe living things, non-living things, and their basic needs and features.
United States (NGSS)	K-LS1-1	Use observations to describe patterns of what plants and animals (including humans) need to survive.
United Kingdom	Year 1 Science – Animals, Including Humans & Plants	Identify and name common animals and plants, and recognise that animals, including humans, have basic needs for survival.
 India (NCF 2023 / NEP 2020)	Foundational Stage – Environmental Awareness (Living and Non-Living Things)	Identify living and non-living things, recognise plants and animals, and understand the basic needs of living things.
