

Explore how texts are organised according to their purpose, such as to recount, narrate, express opinion, inform, report and explain

Learning intention

- explore how texts are organised according to their purpose, such as to recount, narrate, express opinion, inform, report and explain.

Teach and model

- becoming familiar with the typical stages of types of texts.
- recognising that the structure of a text may include words and pictures.
- discussing and comparing the purposes and organisation of familiar texts.

Check understanding

- Explain the main idea and give one accurate example.
- Show the idea in a second way: with words, a model, a diagram or symbols.
- Apply the idea to a short unfamiliar situation and justify the result.

Teaching cautions

- Ask the student to explain their choice, not only state an answer.
- Check that key vocabulary is understood in a new example.
- Mix representations so the skill is transferred rather than copied.

Quick lesson sequence

- Connect to prior knowledge and introduce the key vocabulary.
- Model one clear example, then solve a second example together.
- Finish with an independent check and a short student explanation.
