

Use short vowels, common long vowels, consonant blends and digraphs to write words, and blend these to read one- and two-syllable words

Learning intention

- use short vowels, common long vowels, consonant blends and digraphs to write words, and blend these to read one- and two-syllable words.

Teach and model

- using knowledge of letters and sounds to write words with short vowels.
- using knowledge of letter sounds to write single-syllable words with consonant digraphs and consonant blends.

Check understanding

- Explain the main idea and give one accurate example.
- Show the idea in a second way: with words, a model, a diagram or symbols.
- Apply the idea to a short unfamiliar situation and justify the result.

Teaching cautions

- Ask the student to explain their choice, not only state an answer.
- Check that key vocabulary is understood in a new example.
- Mix representations so the skill is transferred rather than copied.

Quick lesson sequence

- Connect to prior knowledge and introduce the key vocabulary.
- Model one clear example, then solve a second example together.
- Finish with an independent check and a short student explanation.
