

Practice: Turn Pictures into Tallies

Change each count into tallies and count by fives.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

 **Worked Example**  
7 pictures = |||| | (a group of 5 and 2 more). Count by fives: 5, then 6, 7. Total is 7.

Q1. How many marks make one tally group?

Q2. 6 pictures make how many tally marks?

Q3. Skip count by fives: |||| |||| = ?

Q4. |||| | shows how many?  
5 and 3

Q5. Does a tally make counting easier?  
yes / no

Q6. Show 5 with tally marks.  
||||

Q7. |||| |||| |||| counts to what by fives?  
5, 10, 15

Q8. Why is skip counting by fives helpful here?  
Explain.
