

Listen to spoken texts and explain the purposes and effects of text structures and language features, and use interaction skills to discuss and present an opinion about these texts

Learning intention

- listen to spoken texts and explain the purposes and effects of text structures and language features, and use interaction skills to discuss and present an opinion about these texts.

Teach and model

- analysing spoken and multimodal features of media texts and discussing the effects of these features.

Check understanding

- Explain the main idea and give one accurate example.
- Show the idea in a second way: with words, a model, a diagram or symbols.
- Apply the idea to a short unfamiliar situation and justify the result.

Teaching cautions

- Ask the student to explain their choice, not only state an answer.
- Check that key vocabulary is understood in a new example.
- Mix representations so the skill is transferred rather than copied.

Quick lesson sequence

- Connect to prior knowledge and introduce the key vocabulary.
- Model one clear example, then solve a second example together.
- Finish with an independent check and a short student explanation.
