

Create and edit imaginative texts, using or adapting language features, characters, settings, plot structures and ideas encountered in literary texts

Learning intention

- create and edit imaginative texts, using or adapting language features, characters, settings, plot structures and ideas encountered in literary texts.

Teach and model

- adapting texts read, viewed and listened to by changing the setting or revising an ending.
- drawing on literary texts read, viewed and listened to for inspiration and ideas to create texts.
- discussing characters encountered in literary texts and sharing ideas about how those characters may be a model for their own writing.

Check understanding

- Explain the main idea and give one accurate example.
- Show the idea in a second way: with words, a model, a diagram or symbols.
- Apply the idea to a short unfamiliar situation and justify the result.

Teaching cautions

- Ask the student to explain their choice, not only state an answer.
- Check that key vocabulary is understood in a new example.
- Mix representations so the skill is transferred rather than copied.

Quick lesson sequence

- Connect to prior knowledge and introduce the key vocabulary.
- Model one clear example, then solve a second example together.
- Finish with an independent check and a short student explanation.
