

Compare texts from different times with similar purposes and audiences to identify similarities and differences in their depictions of events

Learning intention

- compare texts from different times with similar purposes and audiences to identify similarities and differences in their depictions of events.

Teach and model

- viewing documentaries and news footage from different periods, comparing the purpose and audience.
- comparing the texts used to communicate between family members, noting similarities and differences as a result of changing technology.

Check understanding

- Explain the main idea and give one accurate example.
- Show the idea in a second way: with words, a model, a diagram or symbols.
- Apply the idea to a short unfamiliar situation and justify the result.

Teaching cautions

- Ask the student to explain their choice, not only state an answer.
- Check that key vocabulary is understood in a new example.
- Mix representations so the skill is transferred rather than copied.

Quick lesson sequence

- Connect to prior knowledge and introduce the key vocabulary.
- Model one clear example, then solve a second example together.
- Finish with an independent check and a short student explanation.
