COUNTING AND COMPARING TO 20

Topic: Counting and Comparing to 20 | Ref: AC9MFN03

I can count, compare and explain!

Instructions: Look at each question carefully. Count the objects, compare the collections and answer the questions.

1 Count each collection. Write how many.

A.

B.

2 Which group has more? Circle your answer.

A. or

B.

Circle one:
A has more
B has more
They are the same

3 Which group has fewer? Circle your answer.

A. or

B.

Circle one:
A has fewer
B has fewer
They are the same

4 Are the groups the same or different? Circle your answer.

A. or

B.

Circle one:
They are the same
They are different

5 Fill in the missing number.

Number	11	12	13		15
One more	12	13		15	16
One less	10	11	12		14

6 Count and compare. Then complete the sentence.

A.

B.

Group _____ has _____ because _____ is
_____ than _____.

7 Draw your own two collections (up to 20). Count them and compare.

My Group A

How many? _____

My Group B

How many? _____

Circle one:
A has more
B has more
They are the same

Great job! You are a super mathematician!
