

Numbers 0 to 20

Let's count, represent and order numbers!

★ Welcome, mathematicians! ★

Today we are learning to:

- **name** numbers from 0 to 20
- **represent** numbers in different ways
- **order** numbers from smallest to biggest
- use **materials** and **numerals**

Today we will learn...

1 Count Objects

Count carefully.
Touch each object
one by one.

2 Number Names

0 = zero
1 = one
2 = two
3 = three
⋮
20 = **twenty**

We say number names
in order.

3 Order Numbers

Numbers get bigger
as we move to the right.

4 Before and After

What comes
before 9?

7 8 9

What comes
after 15?

15 16 17

Every number has a
number before and after.

5 More and Less

3 is **less** than 5

5 is **more** than 2

6 Represent Numbers

We can show numbers
in different ways.

fingers

counters

ten frames

numeral

7 Build Numbers

Make 12 with counters.

Make 18 with blocks.

8 Number Challenge

Find the:

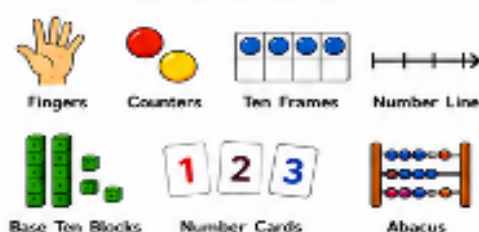

- **biggest** number
- **smallest** number
- **missing** number

4	11	7	19	2
15	?	12	8	17
20	0	9	13	3

We Are Great Mathematicians!

- Count carefully
- Say number names
- Order numbers
- Compare numbers
- Show numbers in different ways
- Respect others' ideas

Maths Tools We Use

These tools help us represent
and understand numbers.

We will be mathematicians!

- ★ Curious Learners
- ★ Careful Counters
- ★ Problem Solvers
- ★ Confident Thinkers
- ★ Kind Mathematicians

Fantastic mathematicians use numbers in **many** ways!

We can **count**, **represent**, **order** and **compare**
numbers from 0 to 20 every day!
